

Acol Health & Safety Update 1st October 2020

We continue to support our staff and customers in the face of these challenging times.

In light of the uncertainty we all face with the outbreak of Coronavirus, we would like to personally thank everyone who has put their trust in us.

We want you to feel confident that our staff and customer's health and safety is our top priority.

Covid-Secure working and getting the tools and support you need..

The government has set out the requirements for workplaces and it is our mission to provide our clients with the tools, and support they need to achieve this.

- Sanitising work spaces – preventing and reacting to an outbreak / contamination providing one-off and regular space sanitising using bio-fog technology
- Social distancing in the work space – assisting with any re-model of the work space Providing risk assessments and additional PPE.
- Sanitised workforce – providing you and your team with the sanitiser and disposables paper towels, sanitiser and viricidal products.
- Common space nominee – providing detailed assessments and specifications for your nominated person/s responsible for regular sanitising of high traffic touch points in common areas.
- General cleaning – In addition, your general cleaning needs - emptying bins, hoovering, dusting, descaling etc.

A Clean and Safe partnership..

Acol can assist with setting up rota's, building specifications to fit your environment, providing tool kits, and support you along the way.

Get in touch if you have any questions and would like a free consultation.
